I have come to know Glenn Morrison over the last several months, and have discussed the Office of Constable with him at great lengths. Glenn has shown an understanding of the requirements and needs of being a constable, as well as shown initiative in asking pertinent questions, and coming to constable training conferences. Glenn's background and interpersonal skills has given him a unique ability to build understanding between various government entities, and elevate the office of constable. Glenn's position with the Pinal County Sheriff's posse has also given him a solid understanding of law enforcement principles and training.

I am proud to endorse Glenn Morrison for Constable in Pinal County!
